

We, the undersigned McLaren Park neighbors and park enthusiasts declare:

Disc Golf is not compatible with existing park uses.

We hereby assert the following:

1. Disc golf is fundamentally incompatible with existing and desired uses of the park.
2. Rec/Park must rescind its 2005 decision approving a disc golf course in McLaren Park.
3. Prior to any decision to install a disc golf course in McLaren Park, we demand an extensive public process and environmental review.
